

What is a cookie?

We use cookies on this website. A cookie is a simple small file that is sent along with pages of this website [and/or Flash applications] and stored by your browser on your computer's hard drive. The information stored in it can be sent back to our servers during a subsequent visit.

Use of permanent cookies

With the help of a permanent cookie, we can recognize you during a new visit to our website. This allows the website to be tailored specifically to your preferences. Even if you have given consent for cookies to be placed, we can remember this via a cookie. This way, you don't have to repeat your preferences each time, saving time and making your use of our website more pleasant. You can delete permanent cookies via your browser settings.

Use of session cookies

With the help of a session cookie, we can see which parts of the website you have viewed during this visit. This allows us to adapt our service as much as possible to the browsing behavior of our visitors. These cookies are automatically deleted as soon as you close your web browser.

Google Analytics

A cookie from the American company Google is placed via our website as part of the "Analytics" service. We use this service to track and generate reports on how visitors use the website. Google may provide this information to third parties if required by law or insofar as third parties process the information on behalf of Google. We have no influence on this. We have not granted Google permission to use analytics information for other Google services.

The information collected by Google is anonymized as much as possible. Your IP address is explicitly not shared. The information is transferred to and stored by Google on servers in the United States. Google adheres to the Privacy Shield principles and is part of the Privacy Shield program of the U.S. Department of Commerce. This ensures an adequate level of protection for the processing of any personal data.

Social media buttons

Our website includes buttons to promote ("like") or share ("tweet") webpages on social networks such as Facebook and Twitter. These buttons work through pieces of code provided by Facebook itself. Cookies are placed via this code. We have no influence over this. Please read Facebook's privacy policy (which may change regularly) to understand what they do with your (personal) data processed via these cookies.

The information collected is anonymized as much as possible. The information is transferred to and stored by Twitter, Facebook, Google+, and LinkedIn on servers in the United States. LinkedIn, Twitter, Facebook, and Google+ adhere to the Privacy Shield principles and are part of the Privacy Shield program of the U.S. Department of Commerce. This ensures an adequate level of protection for the processing of any personal data.

Right of access, correction, or deletion of your data

You have the right to request access to, correction, or deletion of your data. See our contact page for this. To prevent misuse, we may ask you to adequately identify yourself. If the request concerns personal data linked to a cookie, you must provide a copy of the cookie in question. You can find this in your browser settings.

Enabling, disabling, and deleting cookies

More information on enabling, disabling, and deleting cookies can be found in your browser's instructions and/or using its Help function.
